As I promised, I had our Reference Section make a thorough search for Rome Despatch 2929. As you can see from the attached memorandum the search was fruitless except for the extracted information by what used to be the Biographic Section of State. [redacted] and the Biographic Records are now with your agency. You may wish to check further with her to see if the extracted information would have satisfied the needs of your Library at the time of your initial request.

Hope that this little bit of information might help you to break the road-block in your disposal program.

February 12, 1962

RM/R-Reference - Eugene J. Hennigan *SP*

Rome Despatch 2929, April 6, 1951

Your request of January 30, 1962 that RM/R-Reference locate wither the action copy of Rome Despatch 2929 in the Central Files, or a copy from the retired lot files of EUR, OLI, or IE.

A thorough search of the Central Files was negative. The yellow was destroyed under authority of approved disposal schedules.

WE, OLI, and IE lot files were searched but with negative results.

BR/OCR- [ ] did say that while the despatch itself was not available, pertinent information would have been extracted and posted on the cards maintained in her office.
